

SAIZAR ENTERPRISE PVT. LTD.

An ISO 9001:2015 Certified &
Indian Bank's Association Approved Company

SAIZAR Enterprise Pvt. Ltd.

inherited its legacy from a partnership business started by Late Jal. H. Indorewalla in the year 1956. It developed significantly under the leadership of our current Chairman and Managing Director, Mr. Kersoo Jal Indorewalla, whose hard work and dedication was instrumental in propelling the organization's growth. In 1999, when that business was given a new corporate identity, SAIZAR was born, and a new era dawned in the history of the reputed Jal H. Indorewalla & Sons. Today, as a result of the decades of expertise and goodwill acquired, we stand amongst India's Major Trailer Fleet Owners and Transportation Service Providers, with our whole time director Mr. Sairus Kersoo Indorewalla, the third generation in the business, guiding the way. Over our illustrious journey spanning three generations, we have hugely expanded the scope of our operations as well as our client base and are proud to be associated with many industrial titans.

Today, SAIZAR is a recognized and segment leading player in road transportation and has the expertise to successfully design and implement customized solutions for bulk movement in road transportation. SAIZAR is approved by the Indian Bank's Association (IBA) and is also ISO: 9001:2015 certified. We take pride in being one of the few transporters with a 5-star rating in Tata Steel's prestigious Contractor Safety Management Program which has an extremely stringent evaluation procedure, and is a testament to our unwavering dedication. The growth of the organization is largely attributed to our customer centric ethos coupled with an unwavering commitment to innovation and the enhancement of the company's operational proficiency in transporting a multitude of products throughout the length and breadth of the country.

Our Values :

The management of SAIZAR firmly believes in a customer-centric focus and strives to build long-term relationships with our valued clients, pledging to deliver the highest service levels. Our relentless effort is to reduce costs by improving ourselves, increasing our operational efficiency and implementing IT based solutions to deliver superior performance that is appreciated and valued by our customers, thereby building a win-win situation.

- **To be a Preferred Employer by Providing Consistent Growth Paths and Empowering all of our Employees.**
- **To Undertake Philanthropic Activities Keeping in Mind the Welfare of our Employees and also the Society at Large.**
- **To be a Pioneer in the Field of Safety and to Provide Modern Facilities with World Class Infrastructure Coupled with an Exemplified Commitment to each of our Stakeholders.**

Corporate Social Responsibility :

As a responsible corporate entity, we are very committed to our CSR activities. We sponsor the education of deserving students from underprivileged backgrounds and also those who have lost their parents or earning family members during the Coronavirus pandemic. We have also pioneered a Mentor-Mentee program in the schools so that along with financial aid, they also get the necessary qualitative help in their academics. Our program extends to various schools located in Jamshedpur, Kalinganagar and Angul.

We have also adopted an entire orphanage for the girl child in Kalinganagar, where we ensure that they are not only well fed, educated and sent to school, but are also trained to become independent and self-sufficient once they are adults. We believe that today's children are tomorrows future and have set up playgrounds as well for their holistic development.

Beautification and upkeep of a few public spaces also features in our CSR program, and we leave no stone unturned to give back to our society at large. Furthermore, we also conduct a bi-annual Free "Mega Health Check-Up Camp" that is open to all members of the transport fraternity and not limited to just our employees.

Our portfolio of projects continues to expand as we grow from strength to strength, and we consider it our privilege to be able to contribute back to the society in which we live.

Recent Initiatives & Developments :

1. Introduction of DFMS Equipped Safety Camera for Monitoring Driver Behavior, Fatigue Detection, Distraction Alerts & Adherence to Safety Protocols which helps to improve Driver Performance & Reduce Accidents.
2. Introduction Of Digital Safety Risk Management Journey.
3. Capture of Live Near Miss During Transit Period.
4. Implementation of DEF Dispenser Units.
5. Fitment of Diesel Tank Strainer in ALL vehicles to avoid the Possibility of any Types of Unsafe Practices.
6. Digitally Sharing Of Incident Learning Points and Preventive Measures with Employees.
